* **Please note:** Homeschooling resources must meet equivalency as required in Section 262(b) of the Public Schools Act. Examples of resources that are not sufficient include: Complete Canadian Curriculum Series, Smart Series, Spectrum Workbooks, and Schoolio. However, when using resources that do meet equivalence, parents can add these resources to supplement student learning. Please contact the Homeschooling Office if you have any questions at 204-945-8138 or homeschooling@gov.mb.ca.
